

“Hot tub” – refers to the Hot tub itself, any removable or internal parts, filtration system and filters, pump, the lid and lifting mechanism, external wood panelling and steps.

“Guest” – refers to every guest in the party (and includes any person visiting the guest at Frog by the Sea)

Hours of use

1. The Hot tub will not be available for use between the hours of 7am and 10am each morning to allow water testing, cleaning and maintenance. For guest safety and enjoyment the owners adhere to frequent water testing. This involves frequently testing the water quality and treating it where necessary with the use of Hot Tub chemicals (including chlorine). If a chemical is needed the Hot Tub is not usually available for use for two hours afterwards. The owners will endeavour not to disturb guests during these hours but will need to access the garden and Hot Tub during these hours (and briefly to test water quality during other times of day but will endeavour to do this when guests are out).

2. The Hot tub, garden and conservatory will not be available after 7am on Departure day to enable preparation for the next guests. The Hot Tub is drained, thoroughly cleaned and refilled on every guest changeover.

Before arrival at Frog by the Sea
